

Funds Sought For Township Hospital

An appeal for federal and state aid in the construction of a hospital in Washington Township was made yesterday morning to the State Department of Public Health in San Francisco.

A delegation of 11 men attended a hearing before the State Advisory Hospital Council. They were: directors of the Washington Township Hospital District, L. S. Whitaker (president), Allan Walton, Fred

Melham and M. F. Silva; three township doctors, Dr. Merle Buehler, Dr. Lyle Buehler, and Dr. G. Romito; Judge E. A. Quaresma, Edward E. Enos, S. G. Scott and Ralph Goodwin.

The presentation of arguments for aid in constructing a hospital here was made in the form of a brief, which brought out these facts.

The hospital district is an area of 158 square miles;

Population of the district is approximately 20,000;

Communication with other towns is principally by means of 2-lane highways;

Nearest acceptable hospital facilities are 20 or 23 miles from the district;

The township is rapidly changing from an agricultural to an industrial area.

These physical facts strongly indicate the need for a hospital of approximately 50-bed size.

Letters from a number of local industries were in strong support of establishment of such a hospital.

In 1948, 335 babies were born to Washington Township parents in hospitals outside of the township.

On the average, 35 township patients per day are in hospitals outside of the township. Local doctors state that another 15 patients per day should be hospitalized but are not due to distances to hospitals and overcrowding of hospitals.

On the basis of these figures, the hospital district directors have set Washington Township's hospital needs at 50 beds.

Estimated cost of such a hospital has been set at \$1,250,000. The appeal voiced yesterday was that the state and federal government grant two-thirds of the proposed hospital's construction cost.

On the basis of an assessed valuation for the district of \$16,787,000, the board has asked Alameda County for revenue from a 20-cent tax levy. It is believed that the first year's tax revenue will be adequate for the purchase of a hospital site.

President Whitaker of the hospital district board stated that the township group was received very courteously at the hearing and was complimented on its arguments for aid in establishing a hospital here.

Decision of the Department of Public Health is expected next month.

FATAL BUS ACCIDENT NEAR IRVINGTON

A 23-YEAR-OLD San Jose woman was killed yesterday 2 miles south of Irvington when a northbound bus (above) ran off the highway and overturned. The dead woman, her head and hand visible (below), lay for two hours while rescuers worked to lift the bus from her crushed body.

San Jose Waitress Killed; Other Passengers Unhurt

A 23-year-old San Jose waitress was killed instantly while 26 fellow passengers and the driver of a Peerless Stages bus escaped injury when the carrier skidded on rain-slicked pavement and overturned a mile and a half south of Irvington Wednesday afternoon.

Dead is Agnes Gonzales, 23, of the Letcher Hotel, 321 North Market Street, San Jose. She was crushed beneath the bus which came to

rest on its side, investigating officers reported.

Rescue workers required almost two hours to extricate the body from the overturned vehicle.

Among the passengers on the bus were John Connolly of Irvington, Ray Rodriguez of Centerville, Mrs. Richard Fleming of Irvington, Bob Scott, Charlotte Brown and Mrs. Jacqueline Truscott, all of Centerville.

Sgt. George Bertotti of the Hayward office of the California Highway Patrol said the bus apparently skidded because of "very slick" roads caused by showers.

Stanley Woodin, Los Gatos, driver of the bus, told officers his front wheels went into a skid as he started to make an abrupt turn where Oakland Highway meets Landing Road. He attempted to right the bus but the rear wheels hit a slippery stretch and the vehicle began to slide along the wrong side of the road, the driver said.

Woodin finally swung the northbound bus to the right to avoid hitting on oncoming car, Bertotti said.

The bus left the road, hit a culvert and sheared off a telephone pole before rolling over on its side in a pasture.

VICTIM CRUSHED

It is believed Miss Gonzales was thrown through a side window when the bus hit the culvert. She was trapped when the bus rolled over on her.

The head and upper part of the body was outside the bus and had been crushed between the vehicle and the ground.

Fred Martinez, 25, of Sunnyvale, who was riding alongside of Miss Gonzales, was uninjured.

Other occupants of the bus were shaken up but none were injured. Six ambulances were called to the scene.

FUNERAL SERVICES

Funeral services for Miss Gonzales will be held from the Berge Mortuary in Irvington tomorrow at 8:30 a.m., with mass at St. Joseph's Church in Mission San Jose at 9:00; and interment at the Holy Sepulchre Cemetery.

She is survived by two sisters, Mrs. Linda Gonzales of Alvarado and Miss Irene Gonzales of Santa Maria.

WATER DISTRICT ASKS STATE STUDY OF LOCAL NEEDS

Efforts by the directors of the Alameda County Water District to secure the most immediate development possible of local water sources were carried to Sacramento this week, when W. D. Patterson, president of the directors, and Engineer H. F. Harrold conferred with state officials.

The two men explained the plight of southwestern Alameda County to the State Engineer's office and asked that a study be made in the Livermore area by the State Water Resources Board be extended to include this part of the county.

They also met with State Senator Arthur Breed and Assemblyman Francis Dunn, representing this area, urging that funds be allocated at the present legislative session for extension of the study.

The survey being made relates to the water needs of the Livermore-Pleasanton and the Santa Clara water resources, but does not include Washington Township.

The local water district board is urging that the study be extended to consider conservation means throughout the entire Alameda Creek watershed, which would result in more water for Washington Township.

This would mean the construction of conservation dams (a project which has the support of U. S. Senator Sheridan Downey) and the bringing in of Central Valley water from the American River project.

The American River project, however, will require approximately 10 years for completion and is not an answer to the problem in the immediate future.

Patterson told The Register this week that further study of costs have indicated that it will be impractical for the water district to stop pumping from its own wells this summer and distribute Hetch-Hetchy water entirely. The district directors had been considering using the Hetch-Hetchy water in order to avoid strain on the underground supply in the district.

MINSTREL SHOW IS BIG SUCCESS

The Minstrel Show and Bazaar in Newark Saturday night, sponsored by the Newark Youth Center and the Newark P.T.A., was an outstanding entertainment and financial success, according to Ken Foster, general chairman of the event.

More than a thousand persons attended, making necessary three performances of the show, which was directed by Harry Houston. Approximately \$1,000 was taken in during the evening, out of which the net proceeds will go to the school cafeteria and the youth center.

Assisting Foster on his committee were Ray Alberts, Chester Gunn and William Beck.

NATIVE OF NILES DIES IN BENICIA

Funeral services for Emmaline Snyder Chalmers Woodress, native of Niles, will be held tomorrow (Saturday) at 1:30 o'clock at St. Paul's Episcopal Church at Benicia. She died at St. Francis Hospital after a five months' illness.

LOCAL BOY SCOUT REAPS REWARD OF LONG SERVICE

Alden Christensen has been appointed Assistant Scoutmaster of Centerville Troop No. 1, according to Neighborhood Commissioner Phil Sousa, who announced the appointment this week.

The unit, led by Scoutmaster Orrison Dunbar, is comprised of 35 Scouts and is now the top troop in advancement in the Washington Township area.

Assistant Scoutmaster Christensen is the first Scout in Centerville to join as a tenderfoot and stay with the troop without interruption in service, to become an adult leader. In 1930 Phil Sousa became an adult leader after serving without interruption in service the same way.

Registered on February 24, 1943, Christensen passed Tenderfoot and Second Class in his first year. In 1944 First Class and the rank of Star were added. In 1945 he received his Life pin, and in 1947 the coveted Eagle Scout award. In 1948 the Bronze and Gold Palms were pinned to his Eagle badge. Altogether he holds 33 merit badges.

As "outing in Scouting" has always been his major interest, he will be in charge of all camping in the Centerville troop.

The appointment has been confirmed by the Centerville Troop Committee led by Chairman Arthur Belshaw and the following committeemen: George Silveira, the Rev. Arthur Freeman, Vince Wallace, Kurt Suhnel, Bob Walstra, Anker Christensen, Walter Texiera and Ralph Boliba.

The committee considers itself fortunate in acquiring Christensen as Assistant Scoutmaster because of his wide experience in camping. As a Scout he attended Diamond Camp at Oakland and in the Sierras and has camped at Camporees in every type of place and every kind of weather. He has plans for at least one camp-out every month.

NEW WATER LINE NEARS COMPLETION

Completion of a high-pressure 8-inch water line for fire protection in Newark will be made within two weeks, according to President W. D. Patterson of the Alameda County Water District.

The new line originates at the Hetch-Hetchy main near the end of Sycamore and runs 2200 feet to Sycamore and Thornton. Cost is being borne jointly by the water district and the Jas. Graham Manufacturing Co.

WESTVACO PLANS PHOSPHATE PLANT FOR NEWARK

Plans of the Food Machinery and Chemical Corporation of San Jose to build a new chemical plant adjoining its Westvaco Chemical Division operation at Newark were announced last week in San Jose.

The new Newark plant will process elementary phosphorus from a new phosphate mine and mill at Pocatello, Idaho.

The Newark mill first will convert the phosphorus into phosphoric acid, then into the phosphates which find wide usage in the manufacture of detergents.

Two large potential customers would be the new Procter and Gamble and Lever Bros. plants which are programmed for southern California.

The Pocatello mill should be processing phosphorus by July 1, officials estimate.

An electric furnace now under construction is scheduled for completion by that date. A second electric furnace is due to go into operation in 1950.

The Newark phosphate plant will represent "a substantial investment," according to an official who would not name an approximate figure.

But the cost of the entire phosphate program, including the giant Pocatello development, the Newark plant and the expansion of the phosphate plant at Carteret, N. J., has been estimated earlier at about \$13,000,000.

Manpower needs of a phosphate plant are small, but one official guessed that it would add about forty workers to the Newark force.

Election time is always a high spot in the school year and this week has been no exception. Keen interest was shown in the choosing of Student Body, Girls' League, and class officers.

Last Thursday the Student Body guaranteed themselves a successful year with the election of Frank Hermosa as president, John Berney as vice-president, Lorraine McClain as secretary, Elaine Zimmerman as treasurer, and Mitzie Ziesse, Joan Swoda and Merle Runolfson as representatives. Gerry Sharp will be yell leader, Barbara Neighbors, cafeteria bookkeeper and Myrtle Hernandez, Hatchet editor.

On Monday George Pagan was elected to head the Class of '52, while on Tuesday the Sophs, discarding "petticoat government," chose capable Orbie Robertson for the prexy job.

It was gratifying to be class president during your Senior year and it couldn't happen to a nicer person than Don Pine. Congratulations you soon-to-be Seniors on a good choice!

Isn't it swell about Gene Bramwell! There aren't many people who could so blithely disregard the loss of one finger, from his pitching arm at that, and go on to achieve such honor as being chosen for the Oakland Athletic League and Catholic All-Stars.

Congratulations, too, to the baseball team as a whole, as a matter of fact. In spite of the fact that this was the first year of high school baseball for most of the players, they surprised everyone by snagging the S.C.V.A.L. championship. That's the second time for Washington Hi.

It's picnic time again in spite of this "bad word" weather. The Senior "Sneak Day" outing was thoroughly enjoyed by all. The

Catholic Youth Center will picnic at Alum Rock tomorrow and the members anticipate a good time. The affairs of this large group seem always to turn out so well. The Mixed Glee group has fixed on May 25 for their outing, and the Girls' Glee Club will go to Santa Cruz on June 4.

Fun in gym! We've been playing badminton lately and it reminded Miss Mozzetti of a cute joke about a migratory bird who got mixed up in a badminton game. Then there's Joan Dutra, who is probably getting a little tired of her role as "comic relief" come gym time. She didn't too much mind having to hunt high and low for her gym clothes but when they start swiping her towel while she's in the shower she feels that it's just too much.

Stop me if you've heard this one. One of our ablest raconteurs scored a hit the other day by telling of the man who lost his watch on Thirty-fourth St. and found it on Thirty-fifth. Asked "How come?" he explained that it was still running when he dropped it.

REBEKAH NEWS

At the close of the business session the members of the Friendly Sewing Circle will hold their pre-Bazaar shower, and refreshments will be served.

Among the members of the local lodge attending the Rebekah Assembly in Santa Cruz last week were Olive Pugmire, Ivy Cull, Anna Bradford, Fern Mitte, Irene Bales, Henry Bales and Edna Hesch.

Mrs. Fern Mitte, Mrs. Ivy Cull and Mrs. Petra Gronley of Niles Rebekah Lodge attended the luncheon and business session of the Past Deputies Association held last Tuesday at the home of Mrs. Melba Nelson in Oakland.

Mrs. Anna Bradford, Mrs. Fern Mitte, and Mrs. Olive Pugmire attended the official visit of Clair Freer, president of the Rebekah Assembly, to Clara Rebekah Lodge, Santa Clara, Monday evening.

NARROW ESCAPE

Mr. and Mrs. Antone Henriques and son, Richard, narrowly escaped serious injuries or possible death while returning from Mission San Jose last Tuesday night, when they came upon a large semi-truck across the highway. This was the truck involved in the accident in which a San Jose chiropractor and his passenger were seriously injured when their car collided with the truck.

The Henriques car was traveling at a moderate rate of speed and Rickie was able to swerve off the highway, passing over a culvert, to avoid a collision. The car that did strike the truck was behind the Henriques.

Mrs. Henriques received a severe bump on the head and her back was jarred considerably. Mr. Henriques received a slight cut on the side of the head.

They can certainly be thankful that what might have been a very tragic accident resulted in such minor injuries, as far as they were concerned.

HER NINTH

Miss Joyce Erickson, daughter of Mrs. Frank Correa, celebrated her ninth birthday Friday and had a few of her friends in after school to help celebrate the occasion with ice cream, cake and soda pop.

Youngsters present were Harold Briar, Maxine Duarte, Patricia, Jackie, Jerry and Johnny O'Malia, Frankie Correa, Joyce's young brother; also Mrs. Manuel Duarte, Mrs. Charles O'Malia, and of course, Joyce's mother.

GREAT SUCCESS

The "Forty-Niner" pie supper held at the school auditorium Saturday night was a huge success. Mrs. Virginia Niedt, primary teacher, was in charge of the arrangements. There was a very large and delicious assortment of home-made pies. Some of the students put on song and dance acts; a "barbershop quartette," Donald Aguiar, Clyde Marks, Richard Vargas and Robert Brazil, sang three numbers, their final selection, "Sweet Adeline," being really tops.

The prize waltz was won by Mr. and Mrs. Frank Venturi, with Mrs. and Mrs. Frank Faria as runners-up. The main prize of the evening was a 21½-pound ham which was awarded to Mrs. Isabel Vargas of Centerville. Besides the prepared entertainment, there was dancing for those who wished.

Miss Mary Anzalone, intermediate teacher, who has a very fine voice, sang several numbers, accompanied at the piano by Father Reardon.

Proceeds of the party went to the student body fund.

CONTEST SET FOR
'QUEEN' OF FAIR

Married or single—teen-ager or matron, women of Alameda County will be eligible to compete for the title of Queen of the Alameda County Fair, June 29 through July 9, under this year's rulings, Joe M. Rose, queen contest chairman for the Alameda County Fair Bureau, announced this week.

Contestants must register before May 21 to compete in the contest, Rose stated. They must register by mail, in person or by telephone at the main office on the fair grounds at Pleasanton.

According to Alameda County Supervisor Chester Stanley, chairman of the Board of Supervisors' Fair committee, this is the first time in the history of the fair that married women have been eligible for the contest.

"It seemed a shame to limit the title and honor of 'Queen' to unmarried girls when Alameda County abounds with attractive and popular young wives and mothers," Supervisor Stanley stated.

Age limits for contestants are 16 to 30 years, inclusive.

Election of the Queen and eight ladies-in-waiting will be determined by the number of votes earned by the sale of tickets to the Farm Bureau sponsored "Cavalcade," extravaganza based on Alameda County's colorful history, to be staged the evenings of July 1, 2, 3 and 4. Contestants will receive 100 votes for each ticket sold, according to Rose.

Did you ever realize that P. G. and E. is a local merchant in your community?

It is just that! P. G. and E. sells gas and electricity through its "stores" in almost every Central and Northern California community. Instead of trucks or delivery boys it uses pipe and wire to deliver its "merchandise" to your home or place of business.

Like other local merchants, P. G. and E. owns or rents stores, employs local people and pays taxes. Actually, it's one of the largest local taxpayers in your community. Twenty-nine cents of every dollar of its revenue goes for taxes—federal, state or local.

P. G. and E. payroll dollars are spent and go to work locally for food, rent, clothing, amusements, and for other things that other local merchants have to sell.

P. G. and E. people are active in local first aid training, civic groups and welfare organizations. Like other merchants, P. G. and E. is a good citizen and a good neighbor.

MONO COUNTY TROUT

Trout in the lower waters of Mono County have been offering anglers fair to good sport during the past few days. Some very good catches have been taken from Lake Crowley and Owens River.

TROUT ANGLER HAVE LUCK

Trout anglers have been enjoying first-rate luck lately along the streams of Marin County. Although the fish are running small, many limits have been taken.

NAPA COUNTY TROUT

Trout fishing has been fair to good throughout most of Napa County during the past few days. Although fishing at Rector Dam has proved disappointing, many small fish have been taken from Conn Lake.

ANGLERS CROWD LAKES

Hundreds of trout anglers were out on Lake Almanor and Butte Lake in Plumas County last week. Average catch, however, was little more than one trout to the boat.

TROUT FISHING FAIR

Trout fishing has been only fair since the opening at Conn Lake and Rector Dam in Napa County. Stream fishing in this area has also been fair.

BE CAREFUL WITH THOSE SMALL FISH

Those undersized fish, if properly released, will live to provide angling thrills another day, reminds the California Division of Fish and Game.

Small fish, if not hooked severely in a vital spot, will generally survive if handled carefully when the hook is removed, reads an official appeal to the state's sportsmen.

If the fish doesn't fit in with your plans for a bag of 15 trout, five black bass, or limits of other game fish, follow this advice from the conservation agency:

1. Don't snap a fish off the hook;
2. Hold fish with dry hands to minimize pressure;
3. Use care in removing the hook, but return the fish to water as soon as possible;
4. Place the fish in relatively quiet water where he can rest;
5. Cut the leader with hook in place if the fish has swallowed it or become hooked in the gills.

Colorful goldfish have been produced by careful breeding, but under natural conditions they will revert to their original greenish-brown color.

HUSKIE CHAMPS WHIP SAN JOSE

The Washington Huskies baseball team, 1949 S.C.V.A.L. champions, trounced third-place San Jose Tech, 11-4, in an afternoon game Wednesday played at Centerville.

The winning pitcher for the Huskies was All-Star Gene Bramwell, who walked one, struck out three, and allowed seven hits.

The losing pitcher was Pete Cantan, right-hander for the Tigers. Cantan walked four, struck out three, and allowed ten hits to the Huskie batters.

The Huskies big inning came in the fourth when they scored five runs on four hits combined with two errors.

Vernon Machado, left-handed hitting short stop for the Huskies, was the leading hitter. He collected two hits on two trips to the plate. He was followed by George Pagan, freshman catcher, who

LOCAL STAR GETS READY FOR CLASSIC

Washington High's All-Star Pitcher Gene Bramwell and his teammates will begin an extensive week of practice next Tuesday for the coming American Legion-Post Enquirer All-Star Prep Classic, slated for Saturday night, May 28, at the Oakland ball park.

Two boys will be selected from this fourth annual classic to represent the Oakland area in the annual championship game at New York in August.

Bramwell was named the only all-around star, playing any position, out of the selections for both All-City and All-County teams.

He and Coach Irv Hird will be guests Tuesday evening of the Oakland Boosters at a dinner at the Hotel Lake Merritt. All star selections and their coaches will be honored.

The game at the Oakland ball park next Saturday will be preceded by colorful ceremonies and a pageant by the American Legion.

Tickets for the event may be secured at Washington Union High School or at the Joe Adams Ford Garage in Centerville.

The Huskies will meet Santa Clara next Monday night at Washington Park in Santa Clara for the final game of the year. Starting time for the clash will be at 8 o'clock.

Huskies Win S.C.V.A.L. Baseball Title Washington Wins Easily To Cop Championship

By RALPH JUHL

The Washington Huskie baseball team cinched the S.C.V.A.L. title last Thursday by defeating the Mt. View Eagles 9-1 in an afternoon game played at Centerville.

While the Huskies were trouncing Mt. View, the Campbell Buccaneers were shutting out Santa Clara 5-0. This puts the Huskies three games ahead of Santa Clara, and since there are just two games left to play, the Huskies are S.C.V.A.L. champions.

BRAMWELL PITCHES

The winning pitcher for the Huskies was Gene (iron arm) Bramwell, who walked none, struck out eight, and allowed but two hits.

The losing pitcher for the Eagles was Shuber, who was relieved by Holley in the second. Both pitchers struck out eight, walked four and allowed nine hits to the Huskies.

HUSKIES SCORE

The Huskies scored five runs in the first inning, when Berrios led off with a double and scored on a single by Garcia. Cicairos popped to short and Machado walked. A Texas leaguer by Juhl forced Garcia at third for the second out. Then Francis singled scoring Machado.

Juhl and Francis both scored when the Eagles' center fielder dropped a long fly ball by Bettencourt. Then Pagan and Bramwell walked and Bettencourt scored on a wild pitch.

The Huskies scored one run in the third and three more in the sixth.

The Eagles only run came in the third on two singles.

IRVINGTON'S WIN DOESN'T COUNT IN LEAGUE MIX-UP

The Irvington Merchants — through no fault of their own — are not quite yet champions of the Southern Alameda County Baseball League. It's pretty much of a mix-up, according to Manager Frank Mayer.

Last Sunday they were to play for the league title — and they did. But things went wrong.

First of all, there was trouble at the plate when an Ashland batter refused three times to stay in the batter's box. The umpire warned him repeatedly, and then declared the game forfeit to Irvington.

So, according to the umpire, Irvington became league champs. But the Irvington boys didn't want to take the game that way. They continued to play Ashland. And they won easily, 5-2.

Ashland, however, protested. They claimed the umpire could not declare the game a forfeit under the circumstances, and they claimed that the game as it was played afterwards didn't count.

The funny thing is that the Hayward Area Recreation Council agreed with Ashland at a special meeting Wednesday evening to consider the case.

So the game will have to be replayed some time — probably May 29 — and of course the Irvington Merchants will win again.

LOCAL WOMAN'S GRANDSON ON BIG TIME

WILL TAKE SINATRA'S PLACE ON JUNE 4

Dr. Angie Greeno, of Niles and Mission San Jose, received an airmail letter from Indianapolis yesterday relaying the happy news that her grandson, Bill Harrington, of Indianapolis, has been signed by the American Tobacco Company to appear as a singer on the Lucky Strike program, replacing Frank Sinatra.

The news was released first by the Broadway columnist, Earl Wilson, who says "the ears of the music business will be listening to Harrington on June 4 when he takes over for Frankie."

Dr. Greeno, grandmother of Mrs. Ramon Barnum and of Mrs. Michael Overacker of Mission San Jose, spends her time equally at the homes of the two sisters. "I'm mighty proud," said Dr. Greeno, "and who wouldn't be? Bill is a fine young man. He was always a hard worker."

Bill, who is known as "Irish" to his friends, is a graduate of the Arsenal Technical Schools with the

class of 1936. He was this year's surprise to Tin Pan Alley, for a lot of those "in the know" had never heard of him when he was announced as Sinatra's successor, although he is 30 years old.

But Bill was known around the country, for he's been singing on sustaining shows on Mutual network since '46. He has his own show and he's also a composer. He calls himself "the fellow who writes 'em and sings 'em."

Something like 100 singers tried out for the Hit Parade spot. Bill's recordings won out. He hasn't yet met Vincent Riggio, head of American Tobacco Co., his boss. But he had a meeting with the advertising agency who wanted to "make sure he didn't wear zoot suits."

According to Dr. Greeno, Bill is a conservative dresser, wears spectacles part of the time, and is a quiet, reserved sort of fellow who probably won't make the front pages for getting in fights. His

DON'T MISS IT!

There's one thing in the township you won't want to miss this week-end. It's the big all-day May Festival being staged at the stadium of the high school by all of the Girl Scout Troops of the township.

The big entertainment starts at 1:30, when dances, parades and other exciting events will take place, including the crowning of May Queen Mothershaw.

One of the highlights of the occasion will be the May pole dancing by the girls, said to be one of the most impressive sights to be seen in this area for many months.

mother and father, Mr. and Mrs. Al Greeno, were in Niles visiting the Barnums and Overackers a few months ago.

Bill's ambition now is to "have the No. 1 song which I sing on the Hit Parade be my own song!"

You can be sure that the whole family, including the members of the family here in the township, will be tuned in to Bill on the night of June 4!

CANYON HEIGHTS

By MARGARET COLE

Mrs. Paul Harter, Diane, Harold and Kenneth, had a most interesting experience last Tuesday. In company with the families of other officers, the Harters boarded the naval cargo vessel to which Chief Harter is attached and made the trip from the Naval Supply Depot in Oakland up the Sacramento River to Stockton. Their car, too, was transported aboard and they drove home the same day. The ship is being outfitted in preparation for a trip to Point Barrow in Alaska.

BUSY BIRD

That busy bird has favored Canyon Heights again this week, bringing six pound nine ounce Karen Jean to the Dean Jaders of Stenhammer Drive, and Carol Ann, six pounds twelve ounces, to the Alvin Kings of Canyon Heights Drive. Karen Jean was born at Hayward Hospital and Carol Ann at San Jose Hospital.

IN THE CITY

On Monday Mrs. M. G. Cole accompanied Mrs. L. R. Bateman to San Francisco where they attended a luncheon given by Mrs. Christy McCollough of San Francisco at El Prado.

SYMPATHY EXTENDED

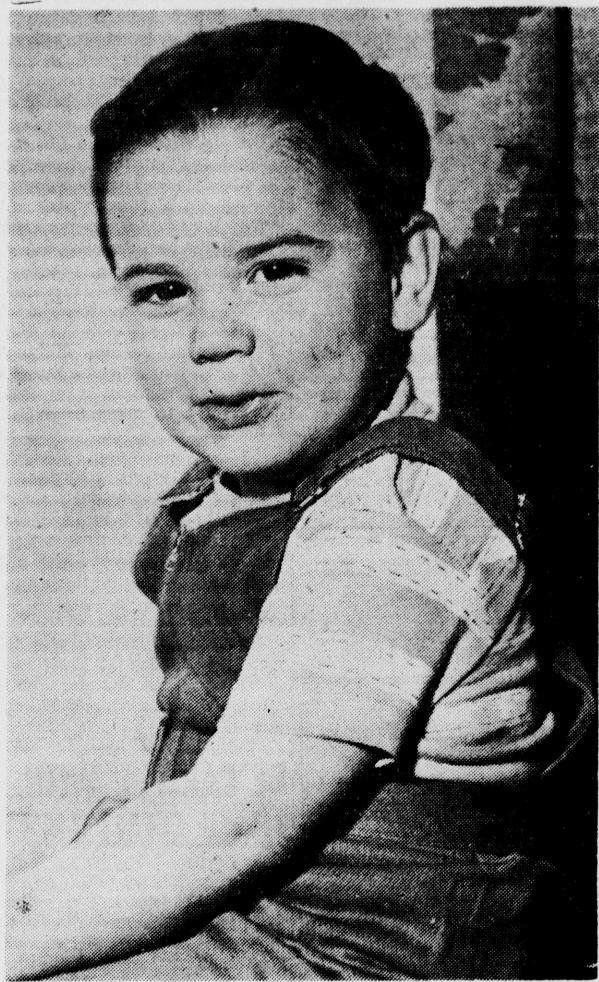

Stunned by the sudden passing of our dear friend and neighbor, Kay Chrysler, the neighbors join in extending deepest sympathy to Walter, the children, and to Kay's parents, Mr. and Mrs. Hale. A floral piece was sent by the community as a whole in expression of their deep regret at Kay's untimely death and in affectionate remembrance of a good friend.

THETA RHO CLUB IN BIRTHDAY CELEBRATION

A regular meeting of Necona Theta Rho Girls' Club was held last Monday in Irvington. After the business meeting the girls held the first of their birthday celebrations, a custom instituted by the club just recently.

Alma Clark and Shirley Neighbors, both having birthdays in May, were guests of honor and were presented with gifts.

THE YOUNGER SET

BOBBY MENDONCA —Stinhilber Photo

He was born two years ago on April 1, but that doesn't mean that little Bobby Mendonca is an April Fool. As a matter of fact, Bobby seems to be holding his own—and better—with any other two-year-old in the—shall we say middle-weight?—class. For Bobby has several talents, one of which is humming snatches of many popular songs. Of course his mother (she is the popular Centerville correspondent for the Register) admits that, "I may be the only one who recognizes the tunes, but he really has quite a repertoire. His favorite one is 'My Happiness.'"

Perhaps Bobby comes by his musical ability naturally, for his mother plays the piano, and his father, R. A. Mendonca, plays the saxophone in a local band.

Bobby has another special talent. He is very good at pulling wheels off of his wheel toys, and isn't content until he has managed to remove every wheel from every toy. This leaves his future in a very undecided state. Will he be a garage mechanic, or a musician?

Bobby's grandparents are Mr. and Mrs. Albert Brown, now of Mountain View but formerly of Irvington, and Mrs. Mariana Mendonca of Centerville.

At the LIBRARY

By ELAINE HOWE

Perhaps the stronger sex thinks there is nothing in the library but cookbooks and light romances—I did rather go off the deep end about cooking the last few weeks. If that impression got about, let me mention a few recent books of specific interest to most any man—whether he be a reader or not.

Radio "hams" have a lot of fun, I'm told, and all the rules and complex details involved in amateur radio sending and receiving are packed concisely into "Radio Amateur's Handbook, 1948 Edition," as issued by the American Radio Relay League. Many detailed drawings and photographs illustrate the text—as complicated as atomic chain reaction to me, but right down the alley of a radio bug.

All kinds of men from presidents to bricklayers enjoy collecting stamps. For over a hundred years "Scott's Standard Postage Stamp Catalog" has been the encyclopedia of philately. Its 1949 edition is a combined volume—part one lists stamps of the Americas and British Commonwealth of Nations, part two deals with stamps of Europe, Asia and Africa. Prints of many of the stamps are accompanied by

descriptions and prices, for used and unused stamps.

For the man who tinkers with his car—and what man doesn't?—we recommend Dyke's "Automobile and Gasoline Engine Encyclopedia." So far as I can see this three-inch thick tome tells all there is to know about cars, trucks, tractors, diesel and aircraft engines, and motorcycles. We have the 20th edition completely revised in 1943. Illustrated by thousands of diagrams and tables, it has proven, time after time, its practical value to the amateur mechanic.

Photography is a hobby which daily attracts more devotees. A new and helpful little book is Paul Grabbe's "Outdoors with the Camera." There is advice on angles and action shots, human interest, flash and night pictures and the use of filters. He winds up with the darkroom with simplified explanation of developing pictures, and a list of the equipment needed for a simple home photography laboratory, plus lots of good illustrative photographs.

DORIS ALAMEDA SELECTS ATTENDANTS FOR GARDEN WEDDING TO BE HELD JUNE 5

Miss Doris Alameda, who will become the bride of Jordan Boyd Crowe at a wedding to be held at the home of her parents, Mr. and Mrs. A. E. Alameda of Irvington, on June 5, has provided the incentive for a round of entertaining. She has already been honored at two showers, one of which was given by Mrs. Laurence Gronley of Hayward, and another given by 28 of her co-workers, legal secretaries, from the District Attorney's office in Oakland.

At the shower given by Mrs. Gronley—which was a miscellaneous one—were the following guests: Avis Chapman, Doris Allen, Lillian Short, Margie Humpert, Olga Brask, Karen Kithcart, Dorothy Wedell, Jean Olson, Georgianna Allen, Eleanor Dunn, Shirley Marriott, Elaine Bushnell, and Doris' sister, Shirley.

The table and floral decorations were carried out in the white bridal motif.

The luncheon and shower given for her by the girls at the D. A.'s office was held at the Villa de la

Paix in Oakland. The table decorations were in the same colors as the gowns her attendants will wear at the wedding. She was presented with a beautiful bouquet corsage, in addition to a handsome shower gift.

It will be a garden wedding for Doris at her parents' home in Irvington, with her sister, Shirley, as the maid of honor, and Karen Kithcart of Centerville and Elaine Bushnell of Irvington as the other two attendants. The flower girl will be Andrea Gronley, niece of Mrs. Alameda.

Doing best man honors will be Robert Bushnell of Irvington, and the ushers will be Doris' four brothers: Stanley, Melford, Harold and Irving.

The bride-elect is a graduate of Washington High and of Armstrong's Business College. She has been employed for four years in the district attorney's office.

Mr. Crowe, son of Mrs. Horace Harrison of Sacramento, is connected with the telephone company.

MARJORIE BRUNELLI TO PLIGHT TROTH AT CORPUS CHRISTI CHURCH ON JUNE 18

Joining the ranks of the June brides is Miss Marjorie Brunelli, daughter of Mr. and Mrs. Romeo Brunelli of Niles, who will be married to Don Plummer on the eighteenth of June, at Corpus Christi Church in Niles at a ten-thirty o'clock wedding.

The bride-elect, a graduate of Washington High, is also a graduate of St. Mary's College of Nursing in San Francisco and also attended the San Francisco College for Women. She has recently been doing relief nursing at Hayward Hospital.

For their attendants the couple will have Mrs. Peter Smith of San Francisco as matron-of-honor, Mrs. Calvin Oliveira of Niles as bridesmaid, Mr. Jack Smith of San Francisco as best man, and Richard Brunelli will perform the ushering duties.

The benedict-elect is the son of the late Mr. and Mrs. Donald Melvin Plummer of Bushnell, Ill. He attended Bradley University in Illinois and is presently employed at the Chevrolet Company in Centerville.

The couple plan to make their home in Centerville.

I heard the following on the radio this morning: "World headlines, presented by chicken parts!" Sometimes I think radio advertising gets a little out of line.

THE MAGIC PHRASE

Apropos of nothing, how is your sales resistance?

I've found that I can be strong in the face of all sorts of high-pressure sales technique except for one little phrase. Just let a salesman say in conciliatory "there, there now" tones, "Well, I'll tell you what I'll do—", just as though he were about to make the most magnanimous concession in the world whereby he will stand to take a tremendous loss and I'll make a terrific bargain, and I'm a gonner! I could be sold the Golden Gate bridge!

HE WAS HERE!

My favorite columnist but one was in Niles recently. His name is E. V. Durling and his column appears in dailies all over the nation. You can see it in the bay area in the San Francisco Examiner.

I wish I had known he was passing through Niles. I certainly would have enjoyed telling him a few more things about Niles—the town "where anything can happen"—other than about our old-

time movie days, fascinating though they were.

Durling says in his column—and we are indebted to Dallas Paul for pointing it out to us—"Forgot to mention in yesterday's report that we passed by Niles, Calif. It was at Niles that "Bronco Billy" Anderson, first of the western cinema idols, had his studio in the heyday of his career. Charlie Chaplin also produced a series of film at Niles."

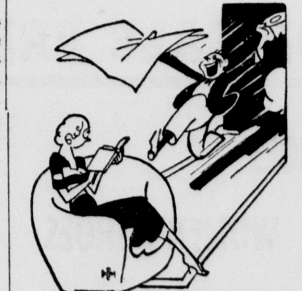

REMEMBER?

And speaking of the old movie days in Niles reminds me that I am compiling data and pictures on those tempestuous days so that we can run a series of stories in the paper. The idea came to me at the time Wallace Beery died, when so many old-timers around here said they remembered him. Can any of you help me in collecting that data?

HELP!

We've been without a reporter for two weeks (it's difficult to get competent journalists in a small country town) so I am asking our readers to be forebearing, and overlook proof-reading that may not be up to its usual standard, and stories that may be omitted, and perhaps a few errors that have crept in, because we've had more than we could handle.

This has been a hectic week. Not only the news stories kept pouring in, but so did the ads! We've taken care of everything

TOYON LUNCHEON SET FOR TOMORROW

The annual spring fair and luncheon, sponsored by Toyon Branch of Children's Hospital, will be held this Saturday, May 21, starting at 12 noon, at the Shinn gardens in Niles.

Those in charge are anticipating the usual large crowds, inasmuch as the luncheons have become popular through the years by virtue of their home-cooked flavor and the attending relaxing atmosphere of the delightful Shinn gardens.

In addition there will be all sorts of varieties of things to buy—from "white elephants" to home-baked cakes and cookies. For the first time there will be a candy booth, with candy made by that popular Niles candy-maker, William Rouse, who will contribute his share of the profits to the Children's Hospital.

The public is invited. The price of the luncheon—featuring baked ham—has been set at a nominal fee, with all proceeds going to the Children's Hospital.

the best we could in the order of their arrival—and are keeping our fingers crossed. But this is the week when I regard press-time with the same misgivings that I experience just before it is time for guests to arrive for dinner. I would like to call the whole thing off! You know the feeling?

Oh well, next week—or the week after—we'll have a reporter, and then you charming and delightful—but, oh so sensitive, readers—can start calling me up and complaining because I've made a bad job of proof-reading or have sent you off galivanting to the wrong party, or have put you in a vacation spot that you never even heard of, or have had you dining at Longbarn instead of Rickey's or... well, please, PLEASE, don't rake me over the coals THIS week, will you?

FOR GARDEN LOVERS

There are so many garden-lovers with the well-known green thumbs in the township that it would behoove many of them to exhibit their beautiful blossoms and house plants at the forthcoming County fair in Pleasanton. Don't feel backward about it. Your arrangements and flower specimens have as good a chance as anybody's. Get in touch with Mrs. Dora Mae Scudder of Niles. She will give you all the information about entering.

WHAT IS IT?

It seems as if two young gentlemen, namely Remo Caminada and Alvin Paniagua, have their minds centered on the switchboards in San Jose nowadays. Just the boards, fellows?

GIRLS TAKE OVER

The patrol boys of the Decoto Grammar School are having a rest and practicing for their baseball games. But this doesn't mean that the job isn't in capable hands. Oh, yes, six girls have taken over for the past week and are doing a very nice job. Eva Salazar, Margaret Banuelos, Emma Gadingo, Agar Gonzalez, Loretta Ferreira and Christine Berrios all should be congratulated for keeping things under control for the boys.

HOT-DOG DAY

Several weeks ago the eighth grade pupils had to postpone their hot-dog sale because the pupils went to the circus, but yesterday they finally had their sale, which was successful.

NEW OFFICERS

On May 11, installation of officers of the Decoto P.T.A. took place at the Decoto Grammar School. Mrs. Yvonne Seidel, Alameda county art supervisor, was the guest speaker. Mrs. Rust, who is the 4th vice-president of the 16th district, was the installation officer. Mrs. Rust also gave a report on the convention she attended down south.

Installed were: Mrs. Elmer Peixotto, president; Mrs. Manuel Hidalgo, 1st vice-president; Mr. L. W. Musick, 2nd vice-president; Mrs. Elvie Cardoza, secretary; Mrs. Virgil Semirly, treasurer; Mrs. Joe Gonzales, auditor; Mrs. Tony Costa, historian; Mrs. Ray Belden, parliamentarian; Mrs. Louis Fine and

Mrs. E. Ward, delegates.

Corsages were presented to all new officers and then refreshments were served by the seventh grade room mothers.

T. B. SURVEY

A meeting was held at the home of Mrs. Louis Fine Tuesday concerning plans to make a T.B. survey which will be held in the fall in Decoto. Everyone in town will be urged to be x-rayed. Those attending the meeting were Dr. Kogan, who specializes in T.B. and venereal diseases; Miss Cavendes, health educator; Miss Belt, health nurse; Mr. L. W. Musick, Mrs. Kuykendall, teachers; Mr. Kenneth Garcia, president of the Chamber of Commerce; Mrs. Cardoza, Mrs. L. Fine and Mrs. Elmer Peixotto. After the meeting a luncheon was served.

NEW PIPE LINE

The Public Utilities California Corporation is now busy putting in about 700 feet of 6-inch water pipe along Tenth Street, which will greatly increase the supply of water for the Marlo Packing Cannery. This line will run from the new well in Decoto. After supplying the cannery this water line will connect with other lines in town, which should increase the supply and water pressure throughout the town.

DEFEAT BRET HARTE

The Decoto Grammar School baseball team defeated Bret Harte school last week in Hayward by a score of 5 to 4. It was an uphill fight for the local boys as the score was 3-0 in Bret Harte's favor at the end of the sixth inning but Decoto tied it up with a three-run rally. The score was tied again at the end of the seventh but Decoto finally won with a run in the eighth inning.

HORSEMEN TO RIDE

The Southern Alameda County Horsemen's Association will ride Saturday at the rodeo parade at Hayward. According to the number of entries being received at Hayward, it looks as if this should be the largest rodeo parade ever held there. Then on Sunday local horsemen will take part in the grand entry parade in the rodeo at the Rowell Ranch in Dublin.

FACE LIFTING

Olson's Grocery Store is getting a "face lifting" job. New entrance doors are being put in and other changes are planned. Bernie Joseph says, "By the time we get finished with all the changes, we will have a modern streamlined store."

WANTED—A MAN!

The local Boy Scout troop is still looking for a scoutmaster. Harold Torquemada is acting as temporary scoutmaster. It seems that in a town the size of Decoto there should be at least one man who is interested in the Scouts enough to volunteer for scoutmaster. Scouting is a great thing as it helps to make good citizens

of boys and also gives them lots of outdoor activities. The local chamber is financing this Boy Scout troop and would like to have it grow into a large troop with the help of a good scoutmaster.

CONGRATULATIONS!

Myrtle Hernandez was nominated last week for "Hatchet" editor this coming semester in the fall. The Hatchet is the paper put out by students of the Washington High School.

AMONG THE WINNERS

The Washington Huskies baseball team has now won the championship of the S.C.V.A.L. and three Decoto lads played in nearly all the games. These boys, two of which are freshmen, are Sabio Elizarrey, a good southpaw pitcher who also played the outfield and is a hard hitter. Sabio suffered a chipped ankle bone while sliding into second in the Fremont game and did not get to finish the season. His ankle is mending nicely and it looks as if he will be back next year and do a good job of pitching. George Pagan is also a freshman who did all the catch-

ing for the Huskies. He looks as if he has the makings of a real good catcher. George has a good arm and is a good hitter. Raymond Berrios is the sophomore second baseman who also plays shortstop. Ray has been hitting the ball hard and is leading the team in hitting. He has been playing good ball all season and should turn out to be a really good infielder. Decoto should well be proud of these three boys. It takes nine boys to make a team so let's not forget the rest of the boys of the other towns of the township. They all played good baseball. Here's hoping the Huskies can win another S.C.V.A.L. championship next year.

NEW YOUTHS

Mr. Clifford Johnson, who was superintendent for the pre-fabricating home company of Clyde T. Lindsay, is now in the contracting business for himself. He is building a home in San Mateo but later will build homes in Niles and locally. He was with Lindsay since 1937.

ALVISO DISTRICT

Mrs. June Olsen of Felton was honored at a surprise party given at the home of Mrs. Lydia Orsetti after rehearsal of the plays on Monday night by members of the cast. Mrs. Olsen has recently moved to Felton and has been driving up for rehearsals. She is secretary of the Mothers' Club and was presented with a lovely going-away gift by members of the cast. Coincidentally, it happened to be Mr. and Mrs. Olsen's anniversary, and as he accompanied Mrs. Olsen on her drive up here, the party was indeed that much merrier.

ADJOURNS FOR SEMESTER

The Mothers' Club adjourned for the semester last Wednesday. A nominating committee was appointed, headed by Mr. Nunes, principal, for election of officers for the first meeting for next term. The program was very successful with a good turnout.

BIRTHDAY PARTY

Diane Orsetti celebrated her birthday with a party at her home of Jarvis Road. The guests were members of the third, fourth, fifth and sixth grade classes of the Alviso school. It was Miss Orsetti's first party and her next will be for graduation. The children didn't want to break it up and the party lasted all afternoon.

REHEARSE FOR SHOWS

The cast of the two plays, "Crazy to Reduce" and "En Amor Engrasado," rehearsed on Monday night at the high school auditorium and will rehearse there twice a week until the production date, which is Friday, May 27. The curtain will rise at 8 p.m.

There will be a synopsis written on the program for those who do not understand the language to know what the Portuguese play is all about. During the intermission between plays there will be dance routines and comedy acts by members of the cast, five acts in all.

Mrs. Mary Bettencourt may be contacted for tickets and they are going fast. Call Centerville 8-8740 for tickets to these plays. The date again is Friday, May 27, at 8 p.m.

IRVINGTON THEATER CHANGES HANDS

Sheldon Rosa, former Irvington theater owner, announced this week that the theater has been sold to Anthony P. Callahan, who owns the skating rink in Irvington, and Jack Smith of Oakland. The two men will operate the theater in partnership.

Rosa, who had the theater for over a year, left this week on the "President Wilson" for China, having secured the position of pianist on the big passenger ship. He expects to return to Irvington after the trip is over.

MRS. ROBINSON IS NAMED CHAIRMAN OF POPPY DRIVE

The American Legion Auxiliary, Washington Township Post, completed plans for their annual Poppy Drive at their last meeting held on May 11. At the same meeting three Gold Star mothers of the organization were honored: Mrs. Mary Rose, Mrs. Angie Furtado and Mrs. Florence Graber.

The Poppy Drive will be held May 26-27-28. The red crepe paper poppy is hand-made exclusively by disabled veterans of World Wars 1 and 2. It is made of paper to give the veteran a maximum amount of work and income. In many cases the income derived from this source constitutes the only income of that disabled veteran.

Each year volunteer workers of the local Auxiliary offer these poppies to the public, to be worn by them on Memorial Day, so they may pay tribute to the dead of the two world wars.

All contributions made by the public are used by the American Legion Auxiliary for the welfare of disabled veterans and their families.

Mrs. Lillian Robinson is poppy chairman of this district.

BUILDERS EXCHANGE BEING ORGANIZED

The final organization meeting of a new Builders Exchange of Southern Alameda County will be held at Pland's in San Lorenzo Monday, May 22, according to John Brahmst, Niles electrical contractor, who is a director of the exchange.

The builders exchange will serve as a clearing-house for blueprints of work open to contract, Brahmst said. The need for an organization of this type in southern Alameda County has been felt for some time.
